

Revive

The Stentorfield **Revive** is designed to meet today's tastes of quality and choice. The machine features a backlit graphics display area which provides a large, easy change branding area for maximum sales impact. Completely flexible drinks choice provides total customer satisfaction leading to increased profits.

Features:-

- Class leading design and functionality
- Wide choice of quality drinks
- Single button drink selection
- Backlit display panel
- Simple, single button flush system
- Full drink selection audit analysis
- Non-resettable drink counters
- Small footprint

Programmable Selection Buttons

Clearly labelled drink choices with single button selection ensure ease of use and complete customer satisfaction. Any button is configurable to any of the drinks choices available, even the same drink, in a choice of cup, mug or jug size.

Drink ingredients are contained in 3 canisters each featuring a 1.8 kg. (4lb.) capacity to cope with high volume demand. Ingredients are freshly dispensed, mixed and blended to produce drinks of the highest quality.
